Administrators can report the MGIB options as follows:

TTC 273/005 MGIB M ED _____ |

TTC 545 has been modified to allow Finance Officers to report and pay the \$5,000.00 bonus when an NCS enlistee has completed the requirement for payment of that bonus.

Finance Offices will report TTC 545 as follows:

TTC 545 000 CRED | ENL BON - _ | \$_____ | ____ | _____ |

ACIP Enhancements Part II

Distinguishes Gate 2 Low and Gate 2 High.

★ New Sequences of TTC 457 have been created for MMOA to report waivers and failures of Gate 2 Low and High.

Both sequences of TTC 466 (DIFOP ADD and DIFOP SUB) have been modified to allow MISSO's to report.

Displays dates of last tour in a DIFOP billet.

MOL has been modified to include these changes.

Operational Risk Management Training

Adds a new sequence to TTC 499 for reporting the annual Operational Risk Management Training (6 byte date) that the member completes the required training

TTC 499 006 _____ ORM TRAINING _____ |

Enhancements to Reserve Retirement Credit Reporting

Adds edits to TTC 922 CRCR CERTDATE as follows:

- ★ DEAF needs to be less than or equal to AFADBD.
- ★ There must be a current Reserve Retirement Points remark on file.
- ★ The reported date must be greater than the Anniversary Date.

- D162 - Next of Kin and MIA
- D163 - Red Guardian
- D164 - Red Insurance

Within UD/MIPS the Unit Diary Module has been modified by removing the RED Transaction option. It has been replaced by the RED folder in Situational Reporting.

Auto Load and Expansion Of TFS Master

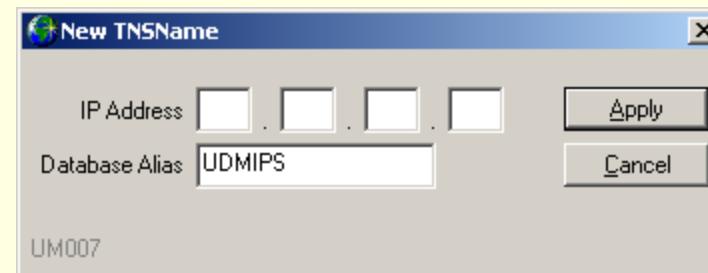

The Collection Server process has been modified to allow the Master TRECON file name to be saved in the RUCDATETIME A.MFT format and provide automatic download scheduling of the TFS Master TRECON via the Collection Server. New fields have been added to the Impromptu TFS Master Verification file, as follows:

- ★ First Normal Pay Day Amount
- ★ Pay Dist Bank Acct Info Tx
- ★ Pay Dist Rtn Tran Nbr Id
- ★ Pay Group Code
- ★ Platoon Code
- ★ Prime Poe Info
- ★ Type Account Code

UD/MIPS/NMCI Client Install

In order to comply with NMCI protocol, the Oracle login procedures for the Client/Enterprise version of UD/MIPS have been modified. A new button has been added to enable the user to access the new TNS Name window, which will enable users to enter and change the IP address and database information for the RUC Server.

Reserve Imminent Danger Pay

The National Defense Authorization Act of FY 2004 authorized the payment of imminent danger pay for reservists performing inactive duty for any month in which the member is entitled to basic pay for compensation under Sec. 204 or 206, Title 37, U.S. Code, and the member was subject to hostile fire or explosion of mines.

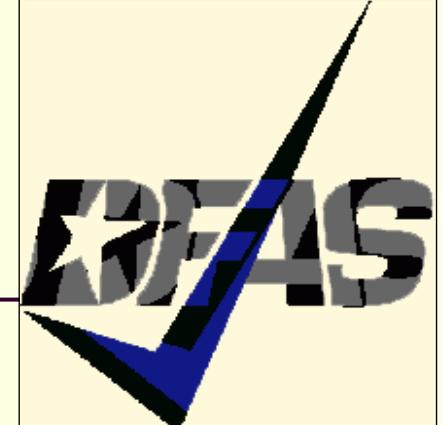

This entitlement is a monthly entitlement and always starts the first day of the month and stops the last day of the month. The entitlement will be reported as follows:

TTC 899 000 CRED IDP _____ |

TTC 899 001 CHEK IDP _____ |

Reserve HFP/IDP Pay Codes are: Officer 55129 / Enlisted 55229

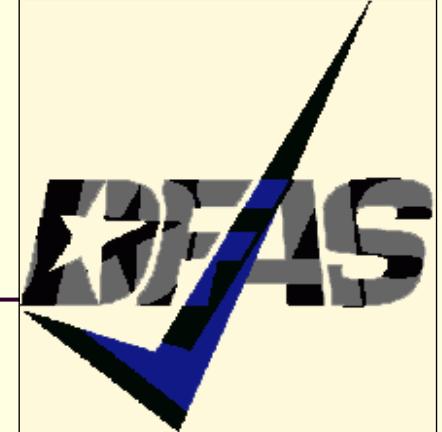

Reversing U&E (Oct 2004)

A new tax table will validate that MCTFS is posting the proper tax codes for pay entitlement items. A new tax code of '9' has been created to indicate that an entitlement is not taxable due to Combat Zone Tax Exclusion (CZTE); a new code of 'C' has been created to indicate that an entitlement is not taxable due to combat leave.

Why the change in the look of MOL?

The intent of these changes are to provide the means for Unit Leaders to perform management functions for members of their unit, while still allowing for individual Marines to return to the “classic” MOL and review/change their own personal data. The MOL you log onto today, though a different look, allows for both methods of data review/reporting to be conducted.

Where's My MOL?
MOL is undergoing a systematic transition, converting all "classic" MOL functionality into "modern" MOL, resulting in one version of MOL. Between the two versions of MOL you have not lost any functionality. In fact, you have gained new functionality. Please take the time to navigate around MOL and get used to the location of each function/link.
• Read more about what's coming for MOL in [Marine Online News](#).

Notifications for GYSGT MICHAEL B. SHELVEY
• You do not have any notifications.

You do not have any Commander's Messages.

Did I lose functionality?

SR 2004.02 MOL Changes

Adding Operational Risk Training information to the BTR.

Modifying the ACIP/ACP page to incorporate system changes to the OpFly information in MCTFS.

Adding automatic notifications from APES to inform users of fitness report processing status.

Adding a new Personnel Locator module; replacing the one currently in "classic" MOL.

Added the ability to view your Discharge Account Summary (DAS document via the Personal Info Tab, when applicable.

SR 2004.02 MOL Changes

Added functionality that will cause a Non-Marine MOL Drop, via the UMSR, to also process the Non-Marine Drop in the Marine Corps Total Force System (MCTFS).

Added functionality to report a change in a non-Marines Present-MCC into MCTFS. This will allow unit's with multiple MCC's to move their non-Marine personnel as needed.

MARINE ONLINE

SR 2004.02 MOL Changes

Modifying the UMSR functionality to incorporate changes requested by field users.

Added Duty Status Location Field and Duty Status To/From Dates to the USMR Details List

Added the ability to edit/delete comments from individual details page in the USMR.

Added Duty Status Change Report

Added a Discharge Account Summary (DAS) viewing capability.

MISSA/MISSO Portal

<http://missa.manpower.usmc.mil>

A screenshot of a Microsoft Internet Explorer browser window displaying the MISSA/MISSO Portal website. The address bar shows the URL <http://www.missa.manpower.usmc.mil>. The page header reads "MISSA/MISSO Portal" and "Advancing Administration Through Technology". A banner for the "24th Marine Expeditionary Unit" is visible. The main menu includes links for DOWNLOADS, SITE MAP, USMC HOME, MARINE ONLINE, and 46 active visitors. The left sidebar has three menus: "Main Menu" with links to MISSA HOME, Security Info, Our Mission, MISSA Advisory, and KC Info; "MISSO" with links to MISSO-02, MISSO-03, MISSO-06, MISSO-09, MISSO-16/17, MISSO-27, and Submit Problem; and "Common" with links to Admin Links, Archive, Briefs, Collection Server, Cycle Calender, Dataset Info, Generic Import, Geo Loc Codes, and TLEDB. The central content area features the MISSA/MISSO PORTAL logo and a section about Hurricane damage to Pensacola. Text in this section states: "Recent hurricanes have severely damaged MATSG-21 CPAC in Pensacola, FL and their ability to operate. Massive flooding and structural damage has resulted in many service records being ruined. CPAC is in desperate need of new service record jackets in order to begin the process of record reconstruction. Units with excess service records are asked to mail as many service records jackets as possible to the following address: Commanding Officer, MATSG-21, 222 East Ave, Pensacola, FL 32508, Attn: CPAC". Below this, another note says: "Additionally, due to conditions at the base a MARADMIN is in the process of being released that will stop PCS orders to Pensacola until 31 Oct 04.".

Conclusion/Questions

- ★ Every end user of any manpower application has a way to forward a problem or system change idea for the betterment of all users.
- ★ The MISSO-MISSA team is ready to assist!
